

CertainTeed  
**Shingle Quality Specialist™**

This is to certify that

**Bruce Wank**

has earned the title of **CertainTeed Shingle Quality Specialist™**  
having successfully passed the **CertainTeed Shingle Technology Manual test.**

The Shingle Technology Manual test is a challenging series of questions on current manufacturing technology and related subjects, discussing complex shingle technology and quality. This program provides a comprehensive overview of asphalt shingles, from product components and design features, to price considerations and warranty provisions.
